
ENGINEERS EMPORIUM

About

It's always been an engineer's thirst for invention that has given the humanity the luxury it is experiencing. If you have done the same and want to show it to the world, then Exodia' 18 presents to you Engineer's Emporium.

Be it electronics, robotics, bionics, military or any other domain based, here you have a chance to present it to the world.

Rules

- 1) It will be an onsite event.
- 2) You have to present a working prototype of your idea.
- 3) Documentation and video of your model should be mailed to gauravkr.ex12@gmail.com prior to 5th April 2018. Prefer drive links for videos.
- 4) Each team can have at most 5 members, individual participation is allowed.
- 5) Teams will be judged on the basis of innovation, design, social impact, working condition, reliability.
- 6) Decision of the judges will be final.

Organisers -

****Decision of judges shall be final and abiding.**
